Keep in touch with Quicksilver's GO Phone Service

For those who are visiting Ambergris Caye and Belize for the very first time, you will find out that there are many amenities and activities that will get you acquainted very quickly with our country and our people. Now, if you have been visiting for quite a while you will learn in this issue that there are new amenities and activities for you to partake on; some of these will allow you to meet new friends, reacquaint yourself with old ones or there may be a new option to make life easier in La Isla Bonita.

Go Phone with Quicksilver

As Third World as they claim Belize to be, our country does offer Internet services, emails, international calling, which many believe to be a necessity wherever home may be. Accessibility is key, especially if you are here on business. This is why Dianne Lawrence added a new feature to her already expanded business - Go Phone. Dianne's confidential and reliable service makes your island life a true dream. Imagine having access to a cell phone, which your family, friends and business associates can use to communicate with you. This cell phone rental service comes fully equipped with pre-programmed numbers which will make it a lot easier for you to "get around" while on the island. Emergency numbers, like police department, fire department and medical assistance, as well as useful local numbers, such as water and land taxes, pizza and food delivery, airlines, day spas, tour offices and more are already listed on the phone when you rent it. No need to lug around a phone book while visiting, Dianne has made it easier for you.

Go Phone means being able to make and receive international calls. You can even text someone. "Wish you were here." With Go Phone there are no international roaming services and no need to worry that your charge will run out, Go Phones come with a charger included.

A branch of Quicksilver Messenger Service, Dianne has added this new feature 'cause as she says, "It was very much needed on this island." Go Phone is but one of the many services that she does offer, others include running errands for you - whether it is to pay your bill, tax payment or delivery to Belize City and Belmopan, Quicksilver can handle it for you. With three locations to serve your pick up needs, Quicksilver also handles private mailboxes with a local address approved by the Post Master of San Pedro Town.

Quicksilver brings you a great

Introductory Offer for Go Phone, good until November 1st. This offer includes 10 FREE minutes of call time which means you pick up the phone and you are ready to start calling. Until November, Go Phone offers you a weekly special with the 7th day free of charge. So, what are you waiting for, reserve your phone today.
